OrangeCodingAcademy

About Coding Academy:

The Coding Academy by Orange was launched in June 2019, in partnership with Simplon.co, to offer a free of charge 6-month training courses in coding languages for free, supported by 1-month internship in ICT sector.

Academy Offers:

6 months of cost-free training course.
1 month internship in one of the leading IT companies in the Kingdom.
Intensive courses offered by a team of qualified trainers in an active-learning experience

academy goals

Train and Empower Youth to enhance their opportunities in the digital sector in Jordan
Meet to the needs of local and global markets to meet the increasing demand for qualified programmers

orange™

Presentation:

At the heart of Simplon.co's work are courses in technical digital skills and hard-to-fill occupations for people alienated from work with a goal of male/female parity as well as for employees in need of reskilling or upskilling.

The Simplon Pedagogy:

At Simplon, we aim to engage our students as much as possible in their training and to encourage them to take active responsibility for their learning, thanks to a specific pedagogical approach

SIMPLON
